

I'm not sure what you are wanting, but perhaps this can be a starting point. It would probably be helpful to talk. I do not believe we have "a " document that will do what you want. Reports are done by various track managers and reports have various levels of documentation. We may have to create what you want. We are working on a document that covers a significant portion of our reports in detail. It is about 80% done. As a starting point I have attached the list of reports that are in COGNOS-both monthly and daily reports. When you see an old date like 2002 for when it was last available, it means that the report is no longer produced, but old ones are still available for viewing.

Some of our extracts are passed to others for analysis-for example: WRIDB and Dave Webster.

Please let me know what you want and I will be glad to work on that for you.

Below I have listed the monthly reports.

Report Id	Report Description	Category	State/County/Central Report	Report Available Date	Report Available Last
GBI017RA	RECURRING WARRANT REGISTER DETAIL	ISSUANCE	COUNTY	MONTHLY	1/31/2002
GBI017RB	RECURRING WARRANT REGISTER FOR TOWNSHIP TRUSTEE	ISSUANCE	COUNTY	MONTHLY	1/31/2002
